Dear Mr. Hoffa:

Last March 3rd, I wrote you in reference to the Civic Center Clinic at the suggestion of our mutual friend, Jimmy Landriscina, who is one of the Board Members.

I wrote you at length about the Clinic (see the enclosed copy) and since that time I understand Bill Light has spoken to you and to Jimmy in Washington.

We are sorely in need of immediate funds. Our recent fund raising dinner fell short some \$10,000. of our expected goal and consequently we are about 4 months (\$24,000.00) in arrears on our rent and have other obligations amounting to some \$4,000.00.

Again, may I express my appreciation for your cooperation and interest.

Very sincerely yours,

Charles B. Bradley

CIVIC CENTER CLINIC of B.A.R.O.

A short report from
 D.A. Edward S. Silver
 president of BARO

Civic Center Clinic of BARO

What is BARO?

It is a non-profit non-sectarian city-wide organization established to provide psychological and psychiatric assistance to youthful offenders over the age of 16 in an effort to lead them from a life of delinquency to one as a useful citizen. BARO and its Civic Center Clinic has been functioning since 1953.

What it does?

- BARO accepts cases referred by courts, probation departments and civic agencies
- It conducts clinical analyses in each case to determine the basic and underlying causes of the offender's actions
- It prescribes and provides the necessary therapy to cure these erring young people and convert them once again to useful members of society
- This is done through a scheduled program at no cost to the patient

Who does it?

BARO'S program is administered by a group of elected officers and trustees who have been chosen from among leading members of the community.

The BARO professional staff is comprised of highly qualified psychologists, psychiatrists and social workers.

How is it supported?

By civic minded citizens, like yourself, who appreciate the possibilities of human reclamation through a planned program of treatment and rehabilitation. Realizing, that it costs New York City and that means YOU, 3 times as many tax dollars to maintain a person in jail or other institution as it costs to treat and reclaim that person, many community minded persons are making tax-exempt donations through the medium of planned financial aid, (so many dollars each year for the next 3 years). The monies which are thus contributed are then matched dollar for dollar by the New York City Community Mental Health Board. Without your donations to match, the Mental Health Board cannot assist.

Where do we go from here?

There is much important work to be done. Here, before, the program was not only unable to

expand to handle the many requests for help but it has been necessary at times in the past to curtail its work because of insufficient funds.

Resolved:

- We must not turn away anyone who needs our help
- Our facilities must be broadened
- We must have the support of more people, both individuals and business firms

Your choice

More and bigger jails and mental institutions and greater cost in human suffering and money

OR

Your support of BARO to cut crime, costs and human misery.

WE TURN TO YOU WHO ARE PART OF OUR GREAT NEW YORK CITY COMMUNITY. WE NEED YOUR HELP! WE NEED IT NOW! WE ALL HAVE A STAKE IN OUR CITY...

HELP US PROTECT IT!

Dear Mr. Hoffa:

at the suggestion of our very good
mutual friend, Jimmy Landriscina, I am writing you
this letter.

In behalf of the Civic Center Clinic,
formerly BARO, of 44 Willoughby St. Brooklyn, N.Y.
Some years ago, in my capacity as Director of the
Youth Counsel Bureau, I became interested in founding
with others, including Kings County District Attorney
Silver and the late Chief Probation Officer Ed.
FitzGerald, of the Kings County Court, a psychiatric
clinic for the diagnosis and treatment of youngsters
who ran afoul of the law. In many instances their
difficulty stemmed from some mental quirk which
needed straightening out by expert psychiatric
treatment to save these kids from a jail sentence
or confinement to a mental institution. Since 1952
when we founded the Clinic, many worthwhile youngsters
have been saved from ruination of their whole future
life because of such institutionalization.

I'm sure no-one knows better than you the value and worth of such a project. In any event, Jim Landriscina can fill you in much better than I can, since he has been an integral part of the Clinic since it began.

Our yearly budget amounts to some \$65,000.00. We have some 25 full time and part time professional and non-professional persons working at the Clinic. As indicated previously, we rent 3 floors at 44 Willoughby St. Brooklyn. However, our patients are referred to us on a city-wide basis so we are not confined to only taking "Brooklyn" cases. Of the \$65,000.00 some \$25,000 is given to us from the City, so that it is necessary for us to raise some \$40,000.00 yearly to keep going. Any contributions we receive are tax deductible.

I sincerely hope that you can and will help this worthy cause. I might add that it is the only one of its kind in the County. If by chance you are in the City at any time, I'd like to arrange for you to visit the Clinic and see at first hand how it works. Enclosed you will find a little brochure which will give you a little information. More complete information can be furnished if you desire, both narrative and statistical.

May I thank you for your interest and
